MEETING OF JULY 7, 1932

Minutes of a regular adjourned meeting of the Board of Commissioners of Jersey City, New Jersey, held in the office of the Mayor, City Hall, Jersey City, New Jersey, on Thursday, July 7, 1932, at 11 o'clock A. M. Daylight Saving Time.

Present: Commissioners Beggans, Potterton, Quinn and Mayor Hague.

Absent: Commissioner Fagen (excused).

Commissioner Quinn moved the adoption of the following resolutions:

Seconded by Commissioner Potterton and carried.

By Commissioner Quinn:

Resolution authorizing the issuance of not exceeding \$600,000 Tax Anticipation Notes of 1932.

Resolved as follows:

On July 12, 1932, in anticipation of the receipt of taxes levied, necessary to meet its lawful expenditures as provided in the Tax Ordinance for the fiscal year of 1932, the City shall borrow the sum of not exceeding \$600,000 and shall issue therefor Tax Anticipation Notes in said amount.

City Clerk.

MEETING OF JULY 19, 1932

Minutes of a Regular Meeting of the Board of Commissioners of Jersey City, N. J., held in the Assembly Chamber, City Hall, Jersey City, N. J., on Tuesday, July 19, 1932, at 10:30 A. M. Daylight Saving Time.

Present: Commissioners Beggans, Fagen, Potterton, Quinn and Mayor Hague.

Absent: None.

At this time the City Clerk advised the Board that a written protest had been received by him from landlords, tenants and merchants on Central Avenue, protesting against the maintenance of a public market at 450 Central Avenue, and requesting the Commission to cause the said nuisance to be removed.

Commissioner Beggans stated that the objectors called on him and made complaint about the market; that he sent an Inspector from the Board of Health to make an investigation, but could find no violations, according to the Board of Health; that they claimed it was a nuisance and he advised them that they would have to appear before the Law Department and file their written complaints in order to take the matter into court and that they refused to do this.

In conclusion Commissioner Beggans moved that the protest be referred to the Law Department for investigation and report back to the Board.

Seconded by Commissioner Quinn and carried.

At this time Mr. A. L. Hill appeared before the Board and stated that he represents the Lever Bros. Co., manufacturers of Lux toilet soap and Rinso; that their stock is carried by druggists and grocers throughout the country and their factories are located at Cambridge, West New York, Edgewa-

ter and Hammond, Indiana; that they advertise in newspapers from coast to coast; that this year they have appropriated thirty-one thousand for an advertising and sample campaign in Jersey City; that the workers will be mostly Jersey City people; that every chain store organization has stocked up in contemplation of their campaign; that their plan of campaign is a house to house canvass by competent young women carefully instructed who place in the hands of every housewife a package of Lux and a cake of soap absolutely free, and at the same time they give every housewife a coupon which entitled her to another free package upon paying for the price of one; that they do not leave anything in hallways or letter boxes as each coupon, package or cake is worth ten cents to the company; that the company trusts the Board will grant permission to continue with this work.

The Mayor then asked if it would be necessary to amend the present ordinance concerning distribution of circulars in order to grant the relief requested.

Commissioner Beggans stated that the ordinance prohibits distribution of circulars because of the complaints of the citizens of Jersey City who were constantly annoyed by the littering of hallways and letter boxes.

The Mayor thereupon moved that the matter be referred to Commissioner Beggans for investigation and consultation with the Law Department for the purpose of determining just what can be done under the ordinance.

Seconded by Commissioner Potterton and carried.

At this time Mr. Elias Hollenberg of 210 Ocean Avenue, appeared before the Board and stated that he is the owner of three retail shoe stores in

this city; that he has tried various forms of advertising in order to attract customers to his stores and finds that in checking one of the stores that the cost per customer is \$3.26½ for newspaper advertising, \$9.00 for billboard advertising and \$1.19 for circular distribution.

The Mayor discussed the matter with Mr. Hollenberg and stated that at a time like this when everybody is at a low level it would be rather a difficult problem to fix any proportionate rates.

Mr. Hollenberg stated that the distribution of circulars is a very important matter for his business, and in addition gives employment to local people; that the large New York stores can afford to advertise in full pages, and these newspapers are naturally circulated here, and these stores get the business.

The Mayor stated that if Mr. Hollenberg was just seeking relief individually the matter would not be so difficult, but where every type and scheme of advertising covering the entire city is involved, it is a serious matter and the Board hesitated a long time before adopting the ordinance prohibiting the distribution of circulars.

Commissioner Beggans stated that we have hundreds of professional advertisers from out of town who are seeking permission to distribute advertising matter, but they are not permitted to litter the hallways and letter boxes; that we have had several applications from men who want to sell dry goods from wagons and automobiles which were also refused.

The Mayor stated that it is because of these restrictions and not permitting solicitors and salesmen from out of town that our crime rate is so low.

Mr. Hollenberg then asked if there was not some method that the Law Department could work out to get some relief.

The Mayor then called on the Corporation Counsel, Mr. Hamill, and asked if there was any way that relief could be granted Mr. Hollenberg under

the terms of the ordinance.

Mr. Hamill stated that he would be glad to discuss the matter with Mr. Hollenberg.

Mr. M. Liebman, representing the Gotham Card and Paper Company, of 41 Oakland Avenue, Jersey City, N. J., appeared at this time and also made a plea for the suspension of the ordinance prohibiting the distribution of circulars until conditions improve. He stated that his company is unable to dispose of their stock because of this prohibition and they are not desirous of discharging any of their employees.

(Under heading West Grant Avenue).

The City Clerk read the public notice and the ordinance and then called for anyone who might desire to protest against the final passage of the ordinance. No one appeared to protest and no written protests were received.

Commissioner Beggans advised the Board that 219 residents and property owners on Grant Avenue have petitioned the Commission to make Grant Avenue a one way street west, and that only thirty are against the proposition and he would therefore move the adoption of the ordinance.

At this time a delegation of residents and property owners in the vicinity of the Lincoln Farms Products Co., on Fisk Street, appeared before the Board and again protested against the obnoxious odors and noise created by this plant. They stated that the noise of the machinery crushing bones and the odors are unbearable and it is impossible to keep their windows open.

Counsellor George of the Law Department advised the Board that when the matter was previously presented to the Board there was not sufficient evidence to properly present it to the Court of Chancery; that it has been no small task to prepare the necessary complaints; that now with the assistance of Inspector Boyle of the Health Department, additional evidence has been secured to go into Chancery and to take the most drastic action to remedy the condition; that the Court is very slow in invoking the arm of injunction; that he thinks the Law Department can assure these people that they will endeavor to secure the greatest amount of speed for the relief of these people.

The objectors also protested against the heavy trucks which operate in connection with the plant.

Inspector Boyle stated that the protest is a just one and the operators have made no attempt to remedy the condition in spite of their promises to do so.

In conclusion Commissioner Fagen stated that under the previous resolution of the Board the matter will be still referred to the Law Department, who will do their best to secure some measure of relief.

Whereas, the City Commissioners of Jersey City, at a regular meeting on May 3, 1932, adopted a resolution advising the State of New Jersey Emergency Relief Administration of their desire to continue the Dependency Relief in the City with State aid, and requested that special financing from the State be made in order that the Program of Dependency Relief could be continued; and

Whereas, the request of the Commissioners of Jersey City was considered by the members of the Administrative Council at their meetings held on May 12, 1932; and

Whereas, by action of the Administrative Council, the State Treasurer of Emergency Relief was authorized to advance to the City of Jersey City, from the General Relief Fund, the sum of \$50,000, for the purpose of carrying out its direct relief program; and

Whereas, it was understood that the City of Jersey City would submit to the State Treasurer of Emergency Relief, requests for reimbursement for expenditures made for Dependency Relief, and that the State would reimburse the city to the extent of 40 per cent on all items of dependency relief which could normally be allowed for payment; and

Whereas, it was also understood that when such reimbursement would be received by the City, it would, in turn, be expended for further relief and further request for reimbursement could be made; and

Whereas, this process was to continue until such time as the City of Jersey City had received from the State of New Jersey, the full amount of reservation to which the city was entitled, less the \$50,000; and

Whereas, the original program of the State of New Jersey Emergency Relief Administration, was cancelled on June 30, 1932; and

Whereas, because of the cancellation of that program, the expenditures of Jersey City for Dependency Relief has not exhausted the amount allotted to Jersey City for reimbursement; and

Whereas, the grant of \$50,000, by the Administrative Council, stands as a charge against Jersey City; therefore, be it

Resolved, That the Administrative Council of the State of New Jersey Emergency Relief Administration, be requested to make a special grant to Jersey City of \$50,000, the purpose of the special grant being to cancel the charge against Jersey City on the books of the State Treasurer of the Emergency Relief.

Whereas, the demands of the City of Jersey City for Emergency Relief are insistent and increasingly great, therefore be it

Resolved, That the State of New Jersey Emergency Relief administration be requested to consider the application of Jersey City for a Special Grant of \$100,000 for the month of August, 1932, with the understanding that the city is to provide during the same period the sum of \$25,000; and with the further understanding that four-fifths of the expenditure for emergency relief to be used from State Funds and one-fifth from Jersey City's funds; Jersey City's proportion to be raised by bond, loan or subscription.

REPORTS OF DIRECTORS:

From Director Potterton, submitting a report in writing relative to the proposed plan of the State Highway Commission in connection with the right of way for Section 6, Route 1, from Lincoln Highway to Danforth Avenue, whereby they propose to reduce the width from 120 feet to 70 feet, creating a serious bottle neck condition at that point.

The Board discussed the matter at length and in conclusion the Mayor moved that a resolution be adopted requesting the State Highway Commission to continue the highway at that point for the same distance of 120 feet and that if they cannot honor the request that a public hearing be scheduled so that all persons interested may be heard.

Seconded by Commissioner Fagen and carried.

Thereupon Commissioner Potterton presented the following resolution:

By Commissioner Potterton:

Whereas, It has developed that the State Highway Commission is planning to build an extension to Route No. 1 from Lincoln Highway to Danforth Avenue; and,

Whereas, The width of the highway over a greater part of its length is to be 120 feet; and,

Whereas, There is an apparent intention on the part of the State Highway Commission to reduce the width of the highway where it passes the Kellogg Company property and the property of Jersey City to a width of 70 feet; and,

Whereas, The reduction of the width of the highway from 120 feet to 70 feet at that particular point will militate against the interests of Jersey City at a point where the maximum width of the highway is not only desirable but necessary; therefore, be it

Resolved, That the consensus of opinion of the Board of Commissioners of Jersey City is that the full width of the right-of-way of 120 feet be maintained throughout the entire length of the highway, and that the

State Highway Commission properly connect this highway with Danforth Avenue in Jersey City; and be it further

Resolved, That if the State Highway Commission cannot consider the recommendation of Jersey City that the 120 foot highway be maintained, that before any official action be taken that a public hearing be scheduled so that all persons interested may be given an opportunity to be heard.

Adopted.

Yeas: Commissioners Beggans, Fagen, Quinn, Potterton and Mayor Hague.

At this time the City Clerk read a communication from the colored barbers of Jersey City, R. S. Johnson, Secretary, protesting against the early closing and holiday closing of the barber shops, and the twelve dollar fee.

A delegation of Colored barbers appeared and supplemented their written protest and stated that their patrons are only the colored people who work very late at night and cannot be accommodated on account of the early closing. They requested that they be permitted to keep open until nine o'clock P. M. week nights and 12 o'clock midnight Saturday and a half day on holidays. They also stated that they are not affiliated in any way with the

white barbers' union or organizations.

The Mayor stated that the Board is desirous of helping the citizens of Jersey City regardless of creed or color, but is confronted with the argument that there is an ordinance in force regulating the matter and they would claim that by virtue of the colored barbers keeping open to a later hour their business would go over to them; that the matter must be taken care of in a way that will not be detrimental to anyone; that the Board cannot adopt an ordinance regulating the white barbers to a 7:30 closing hour and the colored barbers to a 9 o'clock closing hour; that the only way would be by agreement with the white barbers and Commissioner Beggans.

In conclusion, the Mayor moved that the matter be referred to Commissioner Beggans for a conference to be held on next Tuesday morning in his office, at which time the delegations representing the white barbers and the colored barbers should attend.

Seconded and carried.

Dineen, John Jaccorina, Joseph A. Condon, Frank J. Foran, James H. Western, John J. Coughlin, James P. Driscoll, Harry E. Clark and Michael J. Mannion, be and they are hereby appointed to the position of Captain in the Jersey City Fire Department, at a salary of Three Thousand Seven Hundred Dollars (\$3,700) per annum, payable in equal semi-monthly installments; these appointments to be effective immediately.

At this time Commissioner Beggans, Director of the Department of Public Safety advised the Board in connection with the foregoing resolution that there has not been an eligible list for the appointment of Fire Captains in over two years; that companies were responding to alarms in charge of senior members of the respective companies and these men not being officers, the efficiency of the department was seriously handicapped; that the Fire Underwriters had consulted with him several times and had threatened increased insurance

rates if the condition was not remedied.

The mayor stated that such a condition could not continue where the lives of our people are in danger; that the companies cannot function properly without superior officers in command.

Commissioner Beggans then stated that for the reasons above set forth he recommends the adoption of the resolution appointing said fire captains.

The Mayor directed the City Clerk to call the roll on the adoption of the resolution.

The roll being called the resolution was adopted by the following vote:

The Mayor then directed the City Clerk to read the following resolution and moved its adoption. Seconded and carried.

By Mayor Hague:

Whereas, The present widespread economic depression has caused heavy losses in business and employment as a result whereof the incomes and the wages of numerous small home owners have been greatly reduced and in many cases totally cut off; and

Whereas, In consequence of these prevailing conditions small home owners are unable to meet principal or interest charges on the mortgages covering their homes and cannot pay taxes, assessments, interest or other municipal liens on their homes; and

Whereas, Due to the fact that numerous mortgage foreclosures are now pending on homes in our cities and towns and numerous other such foreclosures are threatened by the holders of mortgages, and due also to the fact that because of the rigid requirements of the law relating to taxes, assessments and other municipal liens, and the duty of public officials in relation thereto, there is danger that these homes may be lost through tax sales notwithstanding the fact that the administration of this city has, on its own initiative, purposely kept property

out of tax sales in order to aid the home owner; and

Whereas, This Commission considers these home owners as among the very best of our citizens who contribute to the building up and support of our cities, and who ought to receive every assistance possible in this crisis but whose welfare has been, up to the present time, overlooked although Congress has generously passed measures to help big business and other States have enacted legislation to lighten the burden of farm mortgages; and

Whereas, All public and private agencies and other classes of our citizens have exerted themselves in behalf to aid the home owners, while mortgage holders as a class have done practically nothing for their fellow citizens in this respect; and

Whereas, There are now pending before the legislature of this State two measures, one of which provides that the governing body of each municipality of this State shall, in its discretion, have power to fix by resolution the rate of discount to be allowed for payment of taxes previous to the date on which the same would become delinquent and suspend the penalties or interest for the non-payment or delay in making payment of taxes or assessments and to remit interest upon arrears of taxes or assessments until the 31st day of December, 1935, and the other measure which provides that when any municipal lien on real prop-

erty remains in arrears on the first day of July in the year following the date when the same becomes in arrears the Collector of Taxes or other officer charged by law with the performance of the duty to sell property, may, at his discretion, refrain from selling property in arrears for taxes until after the 30th day of June, 1935, if he deems it advisable so to do; and

Whereas, Mayor Hague of this City has sent a communication to the Governor of this State calling clearly and forcefully to the attention of the Governor the fact that the deplorable conditions mentioned in this resolution exist, and expressing his conviction that these small home owners should not be placed in the grave danger which confronts them of losing their homes, which danger has come upon them without any fault whatever of their own and emphasizing the further fact that these homes represent often times the labor and economy of a life time and constitute the sole property which belongs to the small home owner, and urging strongly that they should receive every possible aid and encouragement and that speedy and effective relief should be afforded them, and that the bills herein referred to should be enacted and that a moratorium should be established on the foreclosures of mortgages, and that a reduction of the interest rate on mortgages should be reduced to four and one-half per cent per annum ($4\frac{1}{2}\%$);

Now, therefore, the Board of Commissioners of Jersey City in session assembled do hereby resolve that a

copy of this resolution be forwarded to the Governor of this State with a recommendation that immediate action be taken thereon and that the necessary steps be taken to secure prompt enactment of the bills herein referred to by the Legislature of this State; and be it further

Resolved, That this, The board of Commissioners do appeal to the Governor to issue a proclamation or to take other effective means to procure the moratorium and the reduction in the rate of interest herein referred to, in order that opportunity may be given to the small home owners in our cities and other municipalities to cope with the existing economic distress and save their life holdings, and afford to them the same opportunity which has been afforded to other classes of our fellow citizens.

The roll being called the foregoing resolution was adopted by the following vote:

Yeas: Commissioners Beggans, Fagen,

Quinn, Potterton and Mayor Hague.

MEETING OF APRIL 4, 1933

MINUTES of a Regular Meeting of the Board of Commissioners of Jersey City, held on Tuesday, April 4th, 1933, in the Assembly Chamber, City Hall, Jersey City, N. J., at 10:30 a. m.

Present: Commissioners Fagen, Potterton, Quinn and Mayor Hague.

RECEPTION OF BIDS

This time and place having been set and public notice advertised for the purpose of receiving proposals for the furnishing and delivering of coal to the several municipal buildings in Jersey City, N. J., from date of contract ending April 30, 1934. The City Clerk read the notices of publication and then called for bids and the following were received:

COAL

1. McConnell Coal Co., as per item, surety bond.

2. Hudson Co. Coal Co., as per item, surety bond.

3. F. A. Kieswetter Coal Co., as per item, surety bond.

4. R. H. Perry & Co., as per item, surety bond.

5. Jagels Fuel Corp., as per item, surety bond.

6. John V. Coyle, as per item, surety bond.

7. Clarence Finch, as per item, surety bond.

On motion of Commissioner Fagen, the reception of bids was ordered closed and the bids received were opened and read and referred to General Purchasing Agent.

At this time Counsellor Alexander Simpson appeared before the Board. He stated that he has a matter that is a little bit out of the ordinary and very, very serious and that is the reason he is making it public not only to get action by the Commission, but by the public; that he represents probably the majority of the laundries in Jersey City who have been doing business for a long time; that they are now faced with a situation that is facing the laundrymen of Brooklyn, Chicago and other cities where the laundry business is practically in the hands of criminals who bribe and terrorize and compete unfairly with the legitimate laundry people and impose taxes on them; that it is not merely say-so, but the Tribune

Times and other papers are carrying the stories. (He then read various items from the papers). He stated that the gangsters are exacting tributes from the laundrymen; that these racketeers and Sing Sing men have begun to appear in Jersey City, slugging drivers, etc.; that in other cities they stab men in the back; that they have begun to terrorize laundrymen in the city; that from his experience as a lawyer, it does not only mean the laundry business, but other business; that if they don't pay the tax to these men, they find a gun for them; that these men come to the Commission and to the Mayor; that they know the reputation of the police in Jersey City; that hold-up, vice, etc., are impossible because they know of the police activities; that instead of the laundry people going to the courts for injunctions which they feel are of no use, they come to the City Commission and say they are threatened with this condition; that the situation has appeared here, slightly, but it has appeared and nothing but the Mayor and the police force can stop this thing; that they are really in terror; that they have retained him to give them legal advice and that his advice was to come to the City Commission for police protection; that he may point out to the City Commission that it applies not only to them but to the working class; that the criminals come over and pay women \$4.00 a week and his clients cannot compete with them; that it drives business and industry out of Jersey City; that it is the driving wedge for blackmail; that a Roselle Loew was appointed in Brooklyn to try and stop this thing in Brooklyn; that it is running absolutely wild; that it cannot be stopped because the strong hand of the Mayor of this City is not there; that we appeal to the Mayor to stop this thing before it goes wild here; that they have reports from the Pinkerton men and from other sources; that already they have terrorized one of the drivers of the Hydrox Laundry; that they say if you don't give us the list of your customers we will deal

with you; that they know that nobody has ever appealed to this Commission or Police force of this City, who has never gotten aid; that he knows there are no pickpockets in Jersey City; that he knows how they work in New York; that this City is free from hold ups, from pickpockets, free from crime so that a man can walk the streets without fear; that now the laundrymen come in and say that they would like the Commission to take hold of this matter because the courts cannot protect us.

The Mayor asked Mr. Simpson if his clients were present and he replied that some of them were in attendance.

The Mayor then asked if he would bring them up and Mr. Simpson replied that they are more or less in terror themselves and they don't want to be spotted; that if they show their hands, the very men may be sitting in the audience and they will be spotted; that he can guarantee as a member of the bar, that the laundry men are respectable, high class business men and really in terror of these people that they pay their taxes and want to be permitted to continue unmolested; that if the Commission wanted further information he will be glad to send them in to the private offices.

The Mayor stated that as he understands it, these out of town laundries are now sending solicitors to Jersey City. Mr. Simpson stated that they are sending gun men in here.

The Mayor asked if it was to oppose these legitimate laundries and Mr. Simpson stated that it was with violence and it is just beginning now.

Chief of Police Thos. J. Wolf being present, the Mayor stated, that the Chief is here and he knows what the attitude of the Commission is and his own attitude and also Commissioner Beggans; that it is not necessary for him to tell the Chief just how the Board feels about it; that he can assure the Senator that we will end this just as soon as it has appeared and can promise that; that it will not continue in Jersey City and can guarantee that; that he is sure that Chief Wolf

is just as anxious as the Commission is; that he is against racketeering and brow beating; that the Board wants to thank the Senator for coming here and telling us before it got a foot hold; that the Senator can tell his clients that from today we start and we can assure him that we will give them action and will display action; that he can bring his clients with him and keep in touch with Chief Wolf.

Mr. Simpson stated that they will go to the Chief's Office.

Mr. Schaeffer representing the Chamber of Commerce appeared and stated that Mr. Edwing B. Lord requested him to appear before the Board and compliment the Commission on the stand they have taken in this matter.

CITY ORDINANCES

This time and place having been fixed by the Board of Commissioners and public notice advertised as required by law for the purpose of considering the final passage of an ordinance entitled: "An Ordinance to license and regulate the business of transient merchants or itinerant vendors of the City of Jersey City," the City Clerk read the public notice and the ordinance and then called for anyone who might desire to be heard either in favor of or against the adoption of said ordinance. No one appeared to protest and no written protests were received.

A delegation representing the Jersey City Chamber of Commerce and business men's associations of Jersey City, appeared before the Board. Mr. George J. Baumann, appearing for the Chamber of Commerce and as Secretary of the Business Men's Associations, presented a resolution adopted by the Retail Merchant Committee of the Chamber recommending that the Chamber of Commerce be placed on record as approving the ordinance and that the Commissioners be asked to keep the Chamber of Commerce informed so as to make possible the help of the Committee in determining whether or not any merchant in question comes within the category or "an itinerant merchant."

The Mayor stated that the Commission is in sympathy with the business men and the ordinance and that no one appears to object; that there is no further need for discussion because the business men would be kept from their business. He then moved that the City Clerk call the roll on the final passage of the ordinance. Seconded and carried.

Counsellor Arthur Weitz stated that he represents the Hudson County Florists Association, and they are protesting against the temporary establishments which usually come during the holiday seasons. He further requested that such temporary establishments be regulated by the new ordinance. The Mayor advised Mr. Weitz that the Dept. of Public Safety and the Chief of Police would be directed to take care of the matter.

Commissioner Potterton for Commissioner Beggans, then moved the final passage of the following ordinance:

Seconded by Commissioner Quinn and carried.

MEETING OF APRIL 11, 1933

MINUTES of a Special Meeting of the Board of Commissioners of Jersey City, N. J., held in the Assembly Chamber, City Hall, Jersey City, N. J., on Tuesday, April 11, 1933, at 10.30 o'clock A. M.

PRESENT: Commissioners Beggans, Fagen, Potterton, Quinn and Mayor Hague.

ABSENT: None.

The City Clerk read the following call:

"OFFICE OF THE MAYOR

"April 10, 1933.

"Mr. Edward J. Holland,

"City Clerk,

"Jersey City, N. J.

"Dear Sir:

"Will you kindly issue a call for a special meeting of the Board of Commissioners to be held in the Assembly Chamber on Tuesday morning, April 11, at 10.30, for the purpose of discussing certain questions with reference to the issuance of temporary excise licenses and such other matters as may come before such meeting.

"Very truly yours,

"(S) FRANK HAGUE,

"Mayor."

"The City Clerk then read the following notice sent to each member of the Board of Commissioners:

"April 10, 1933.

"Sir:

"I have been directed by the Mayor to arrange and issue a call for a special meeting of the Board of Commissioners of Jersey City, to be held in the Assembly Chamber, City Hall, Jersey City, at 10.30 A. M., Tuesday, April 11, 1933.

"Kindly arrange to be present.

"Yours very truly,

"(S) EDWARD J. HOLLAND,

"City Clerk."

The Mayor announced to the Commission that the special meeting has been called to consider a matter which involves a good many business people in this city who feel that they have been discriminated against and have been treated unjustly because they have been refused permission to sell bottle beer like other stores, such as chain grocery stores, delicatessen stores, etc.

Counsellor Harold Krieger, of 591 Summit Avenue, appeared with a large delegation representing the Hudson County Cigar, Stationery, and Newsdealers' Association. He stated that this large delegation is just a slight representation; that these people are in business in the city and county and number about 2,500 in the county and 900 in the city here; that they depend upon their living from the sale of cigars, cigarets, soda, etc.; that they were the first business of its type to start in this city; that they have met with financial difficulties and find it impossible to continue in business because of the fact that chain grocery stores and other stores are selling their products and are in a position to undersell; that prior to prohibition, these people sold bottled beer and after prohibition, they sold near beer; that they have been looking forward to the repeal of prohibition so that they could get back some portion of their business; that these chain stores are drawing business away from the small stores; that they are now looking to the Mayor and Commissioners to help and protect their interests; that they have confidence in the Mayor and respect him; that in view of the fact that this legislation was put through in a hurry they thought that through an oversight, these stores have been overlooked, probably be-

cause the Mayor did not understand their condition; that they have all the respect in the world for the Mayor and the administration and they seek the right only to be permitted to sell bottle beer all in accordance with the statutes.

Mr. N. M. Arlook of 115 Fairview Avenue, Jersey City, N. J., stated that he is the accountant for the association and stated that these people seek the help of the Mayor and Commissioners to help them recoup some of their sales losses on other items that they have lost; that they feel sure the Mayor and Commissioners will realize their predicament and extend the necessary help.

The Mayor advised the delegation that it is not the desire of the Commission to discriminate against any business man; that the Board does not want anyone to imagine or feel that the Commission is interested in any movement to benefit any particular group, chain stores or any other group of men doing business in Jersey City; that the Board has no interest other than in the interest of the City and its people; that if these people have been discriminated against, the Commission is glad that they came here seeking relief; that the Commission represents all groups of business men; that, of course, there is one thing he must insist upon if any of the beer is disposed of on the premises, if it is going to be consumed on the premises, it is going to be a serious offense and secondly there must be no selling of bottle beer to children; that there must be a promise from these people that they must safeguard the children and no sales made to anyone under the age of eighteen. He then asked the delegation if these conditions were acceptable.

Mr. Krieger answered for the delegation and stated that they are in favor of the administration; that they know there is no crime or vice or racketeering and that his clients are not desirous of handicapping the administration.

The Mayor then advised them that the arrangements are only of a temp-

orary nature for about one month; that if they make mistakes it is unfortunate for them; that the Board is desirous of helping them and go along with them and see them make whatever they can on the sale of beer; that the Board can see no harm if they continue their business along the lines as suggested by him; that the Mayor and Commissioners will grant this permission but they must safeguard the children and see that no beer is sold to anyone under eighteen years of age and that it is not consumed on the premises.

The delegation all agreed that the conditions are acceptable and through their counsel extended their thanks for the consideration given them by the Mayor and Commissioners.

Thereupon the Mayor stated that the Board will direct the City Clerk to issue the permits and moved the adoption of the following resolution. Seconded by Commissioner Quinn and carried.

By Mayor Hague:

Resolved, That sub-division "C," paragraph 4 of the resolution adopted at a special meeting by the Board of Commissioners of the Mayor and Aldermen of Jersey City on April 6, 1933, permitting the sale of beverages, in accordance with the provisions of Chapter 85 of the Laws of 1933, be amended by adding to said paragraph the following:

Provided, however, that permission to sell the said beverages may be granted and a license for this purpose may be issued by the City Clerk to such stores or places as is in his discretion the proper stores or places where the said beverages should be sold except that no such beverage shall be sold to any person under eighteen years of age and that none of said beverages shall be consumed on the premises.

Adopted.

Yeas: Commissioners Beggans, Fagen, Quinn, Potterton and Mayor Hague.
Nays: None.

At this time the Mayor stated a communication had been received from Counsellor Robert S. Hartgrove, representing the colored citizens of Jersey City, protesting against the ac-

tion of the courts in the Scottsboro, Alabama, case, in finding against Hayward Patterson. He stated that he has discussed the matter with the members of the Commission, and then directed the City Clerk to read the communication.

The City Clerk read the communication which describes in detail the condition surrounding the case, and also the attitude of the colored people of our city who are asking the Mayor and Commissioners to appeal to Governor Moore that through him the matter may be brought to the attention of President Roosevelt for his help in obtaining justice for the nine colored boys involved in this case.

After discussion the Mayor moved the adoption of the following resolution: Seconded by Commissioner Fagen and carried.

By Mayor Hague:

Whereas, A communication has been received by this Commission emanating from a great number of citizens of this community, calling to the attention of this body the result of the trial of one Hayward Patterson in the famous Scottsboro, Alabama, case; and

Whereas, We are advised that grossly improper statements were made during the trial by the State officers conducting the prosecution to the grave injustice of the defendant and to the impairment of his right to a fair trial, and that the trial was carried on in an atmosphere of prejudice and hostility which made a fair and impartial trial impossible; and

Whereas, As a result of the foregoing, the defendant Patterson was convicted at a trial which, in the opinion of a great number of citizens of this country, was not conducted according to American standards of justice and was not a fair and impartial trial within the meaning of the Constitution of the United States, therefore

Be it resolved, That this Commission record its unalterable belief in the right of trial by jury, as guar-

anteed by the Constitution, and its determination to do all within its power to uphold such right of trial by jury and to secure a fair and impartial trial according to American constitutional methods for any citizen in this country regardless of race, creed, color or other distinction; and

Be it further resolved, That a copy of this resolution be forwarded to the Hon. A. Harry Moore, Governor of this State, with an accompanying communication urging him to appeal to the President of the United States and to petition the President to use all the power of his great office to make a thorough and searching investigation of all the facts of this trial and of the deplorable circumstances attending it to the end that a new trial be granted the accused and justice be accomplished.

At this time Judge Philip Grece, Dr. William Barbarito, Walter Heiney and Counsellor David M. Klausner appeared before the Board. Judge Grece stated that they represent a committee from the Lions Club of Jersey City; that Commissioner Quinn is also a member of the club and knows that the major activities of the Lions Club is to undertake the work for the welfare of the blind; that the club has made a survey of all of the blind people in this city; that they find in our cities the traffic is rather dangerous for blind people, and that those who operate automobiles or other automotive vehicles, are not always aware when a blind person is crossing the street; that in some of the western cities the Lions Club have bought white canes for the blind people who come under their notice, and the communities have passed ordinances, with the conditions that when a blind person raises the cane, the automobilists stop; that the club thought the Commissioners would be sympathetic with the endeavors of the Lions Club in Jersey City, and the committee has been delegated to ask the Commissioners of Jersey City to pass an ordinance which will enable blind people to cross the streets in safety; that the Lions Club have arranged to present each of the blind people with a white cane.

Commissioner Quinn stated that he thought the matter a very commendable proposition on the part of the Lions Club, and cannot see any reason for the Commission not to co-operate in helping the blind.

Commissioner Potterton stated that he had discussed the matter with Mr. Reardon of the Law Department, who stated that the Commission has such authority to pass the ordinance under police powers, and would move the adoption of such ordinance.

Commissioner Beggans advised the delegation that the Police Department

cannot enforce any ordinance of any kind until it is approved by the Motor Vehicle Department; that it will be necessary to make application to that department before the city can pass such an ordinance; that we cannot even place a traffic light on the street without first making application to the Motor Vehicle Department.

Judge Grece stated that they would be glad to make an application to Commissioner Hoffman.

Commissioner Quinn stated that he thinks the Law Department should draw the necessary ordinance and then submit same to Commissioner Hoffman for approval.

Thereupon Commissioner Potterton moved that the ordinance be introduced as of today's meeting.

Seconded by Commissioner Quinn, and carried.

Commissioner Quinn then suggested that Judge Grece and the committee confer with Counsellor Reardon for the preparation of proper ordinance.

"Ladies and Gentlemen: That concludes the meeting. The Commission has concluded and completed their program of the day, but I think the time is opportune for the Mayor to say something. The Mayor wishes to express, through his colleagues, the heartfelt thanks to the people of Jersey City, and to those friends who have so loyally aided them in returning them to the high office of Commissioners and Mayor, I want to take this opportunity, my friends, of calling the attention of the people to the fact that we propose to continue on as we have in the past. We propose to look out for the interests of the people and to govern their city as we have in the past, a clean, moral, law-abiding city. We propose to continue functioning in behalf of the people. We propose to safeguard their interests and we wish to thank them for the confidence they have placed in my colleagues and myself. I only can say to the people of our city that the future will speak for itself. I cannot go into a lengthy program at this time, or I cannot discuss the past, because that has been discussed during the campaign. Our campaign for the future will be a campaign for the uplift of Jersey City and our efforts to build and continue to build for Jersey City's

progress. The people have placed their confidence in my colleagues and myself, and I know their confidence will not be misplaced. Therefore, my friends, I want to thank all who have assembled here on this occasion, and I want to thank them for their personal interest displayed in my colleagues and myself, and I am sure, my friends, you will never have occasion to regret your confidence in my colleagues and myself in our efforts to give the people of Jersey City a better city."

There being no further business before the Board, on motion of Commissioner Fagen, the Board adjourned.
